Health Homes, Integrated Care and the Future of Community Psychiatry

March 1-2, 2013
Hilton Cleveland East, Beachwood, Ohio

Sponsored by Case Western Reserve University School of Medicine, Department of Psychiatry
Presented in cooperation with the Ohio Department of Mental Health and Ohio’s Medicaid Technical Assistance and Policy Program (MEDTAPP) through the Ohio Office of Medical Assistance
The All-Ohio Institute is the creation of the Public Psychiatry Program at University Hospitals Case Medical Center, Case Western Reserve University School of Medicine. Designed as a multidisciplinary celebration of community mental health services, All-Ohio has attracted more than 500 psychiatrists, social workers, nurses, and other mental health professionals, as well as consumers and family members to each conference since 1995.

This year’s conference will explore integrated care as it relates to Ohio’s Health Homes policy. It will also examine the evolving role of community psychiatry practice in this new model of care.

The Institute also features Workshops, Showcase Presentations and a Poster Session highlighting specific skills-training while featuring the best of new programs, curricula and clinical practices from around the state.
